ADMINISTRATION DIVISION

Doak Foster, Deputy Commissioner

The Administration Division is responsible for overall supervision of the day-to-day office activities, for fiscal planning and control, for personnel and employment matters and for a variety of other significant aspects of the Department's operations.

The Deputy Commissioner, in addition to supervisory duties, engages in long and short-term planning, project research and coordination, drafting and implementation of legislation and regulation and performs other functions as assigned by the Commissioner.

The Administrative Assistant performs such duties as are assigned by the Commissioner and Deputy Commissioner and is specifically responsible for personnel education programs, the Department's performance evaluation program for employees and other programs.

The Risk Manager provides assistance as requested by the state agencies, boards, commissions, etc., in analyzing the types and amounts of losses of risk and determining the best manner in which to deal with those risks. This usually involves some degree of insurance coverage and the necessity to devise specifications for a bid for insurance.

The Information Officer acts as a publicist for the Department, prepares and distributes consumer information concerning insurance to the public by means of all media available and assists in inter-office communication initiatives.

The Fiscal Officer maintains control over all financial matters within the office, prepares the Department's budget and monitors its implementation, procures services and office supplies, performs accounting and personnel functions and supervises three other employees.

The Accounting Section collects, verifies and processes all taxes and fees; computes Firemen's Relief and Pension Fund Tax turnback to cities and towns; and compiles statistical data for various reports. The Financial Statement shows taxes collected as $26,211,153.40 and fees collected as $672,684.30 or total collections for 1979 of $26,883,837.70 compared to total collections in 1978 of $24,168,269.95 or an increase of $2,715,567.75. The major area of increase was in a higher volume of writings in the State, which would result in the payment of additional taxes.

The Securities Custodian handles the transfer, depositing and bookkeeping for all securities deposited by insurers with the Commissioner pursuant to law.

The various domestic and foreign insurance companies transacting business in the State of Arkansas have on deposit with this Department securities with a total par value of $ 233,567,571.45 maintained in 508 separate accounts. These deposits consists of 76 domestic company accounts totaling $171,184,296.80 and 432 foreign company accounts totaling $62,383,274.65. In addition, there are 161 companies maintaining qualifying bonds with a total surety value of $12,070,000.00.

Apportionment of securities

Registered policy reserves on outstanding registered life insurance issued by Arkansas companies -	$159,806,997.87
Deposits by foreign and domestic companies for benefit of Arkansas policyholders and creditors -	$ 73,760,573.58
Total Deposits	$233,567,571.45

Securities on deposit are comprised of bonds, debentures, certificates of deposit and mortgages. Bonds and debentures are verified through the National Association of Insurance Commissioners, Valuation of Securities Manual, with Market value ascertained through local brokerage firms.

The Liquidation Officer acts as the Commissioner's designee in operating insurers who have become insolvent. A close working relationship with the Property and Casualty Guaranty Fund is maintained.

The Liquidation Section is responsible for the handling of all claims, complaints and inquiries concerning insolvent insurers. Whenever a company is placed into receivership by the circuit court, the existing claimants and creditors must then pursue their payment against the Receiver of that Company, through the Liquidation Section. The Liquidation Officer, as appointed Deputy Receiver, processes these claims and makes recommendations to the court as to their appropriate payment or disposition.

As an additional function, the Liquidation Section is responsible for the operation of the Arkansas Property and Casualty Guaranty Fund. This fund, created by Act 871 of 1977, was first implemented in July of 1979, as a result of the Reserve Insurance Company insolvency. Assessments totaling $199,447.67 were received from 342 property and casualty companies licensed to write insurance in Arkansas. The Liquidation Section processed a total of 534 claims in 1979, which were submitted to the court for approval, and paid. These claims resulted in payments in the amount of $93,252.04 for the year.

LEGAL DIVISION

Rick Halinski, Chief Counsel

The primary function of the Legal Division is to provide legal advice and assistance to the Commissioner and to other members of the Department's staff. The Legal Division represents the Commissioner in all formal legal actions, conducts administrative hearings, drafts legislation and regulations, provides legal assistance in regard to complaints from the public, oversees the regulation of insurance holding companies and legal insurance plans, and provides legal counsel concerning insurance matters to other state agencies.

During the year 1979, the Division was continually involved in administrative hearings. Specifically, twenty-nine hearings were scheduled in regard to matters involving insurance companies and twenty-four hearings were scheduled in regard to matters involving insurance agents. The disposition of these matters vary according to subject matter but in all cases involving agents, the Division drafts orders recommending appropriate sanctions. Also, during 1979, the Division represented the Commissioner during public hearings on proposed rules and regulations promulgated by the Department. Of course, the Division also represents the Commissioner in any court actions.

The Division employs a full-time investigator who functions in a fact-finding capacity in matters under investigation by the Department.

PROPERTY AND CASUALTY DIVISION

Reva Fletcher, Assistant Commissioner

Regulation of the property and casualty insurance industry in Arkansas is the responsibility of this Division of the Insurance Department.

Property and casualty insurance companies are required by law to submit to this Department for filing all rates which they will charge for these lines of coverage. The rates which are fixed for worker's compensation and those residual market mechanisms in effect in the State must receive our prior approval before they may be used. Policies and forms which the companies propose to use in this State must be submitted for prior approval. During the period January 1, 1979, through December 31, 1979, this Division processed 3,756 such filings.

All companies are required to file a financial statement as of December 31st each year. This statement must be audited and approved before the company's license to transact business in Arkansas is renewed. There were 516 annual statements reviewed by this Division in 1979, as well as 42 reports of examination of foreign companies licensed in this State.

As of December 31, 1979, there were 46 companies authorized to write surplus line coverage in this State with 49 licensed surplus line brokers. When policies are written in a surplus line company, the broker must file an affidavit with the Department showing the coverage written and the premium charged. This Division received 16,864 affidavits during 1979, and collected $461,764 in surplus line tax.

There were 33 property and casualty insurance companies who applied for admission to write business in the State of Arkansas during 1979; of this number, one motor club and 18 property and casualty companies were admitted to do business.

LIFE AND HEALTH DIVISION

The Life and Health Division is charged with the responsibility of regulating all life and health companies licensed to do business in the State of Arkansas. As of December 31, 1979, 563 companies held licenses, 19 of which were newly licensed. A total of 34 request for admissions were received during 1979; 9 were withdrawn, 2 were declined and 4 were filed incomplete.

Each life and health company must submit all policy forms and rate increases for approval. A total of 8,937 forms were submitted in 1979. There were approximately 6,180 life filings and 2,757 health filings. Also 244 group contracts were reviewed and 57 credit forms were submitted for approval.

The Division received a total of 62 advertisement brochures to review and 535 rate increase requests were received in 1979. Policy form filing fees collected from reciprocal states totaled $6,122.55. The number of rate increase inquiries received in 1979 totaled 106.

AGENTS LICENSE DIVISION

Lenita Blasingame, Supervisor

The American public is becoming more and more insurance conscious and most consumers rely heavily on their insurance agent for counsel on a variety of insurance matters. For that reason, broad product knowledge and regulatory awareness is essential. It is, therefore, the intent of the Insurance Department to test such knowledge through our examination process. Each year, more than 3,500 examinations are administered to Arkansas residents seeking to enter the insurance field.

Presently licensed in Arkansas are more than 21,000 licensed insurance agents, brokers and adjusters. Through reciprocal licensing arrangements with other states, approximately one-third of these individuals are residents of a state other than Arkansas.

Each insurance company having licensed agents in Arkansas must annually renew such licenses. These renewal fees, initial license fees and examination fees resulted in the collection of $434,027.00 by this Division in 1979.

The examination and licensing process also applies to individuals and corporations licensed as Limited Surety Agents and Professional Bail Bondsmen. There are 140 such bondsmen licensed by the Department and registered in the various counties.

EXAMINATION DIVISION

Q. D. Lamb, Chief Examiner

The operations of the Examination Division are to conduct financial examinations of domestic insurance companies and to perform Market Conduct examinations. Both types of examination are made to determine the companies' compliance with various statutes of the Arkansas Insurance Code.

The Examination Division is staffed with four Senior Field Examiners, a Market Conduct Examiner, a Statement Review Accountant, and a Chief Examiner. The Department's four financial examiners verify and evaluate the assets and liabilities of insurance companies to determine whether or not such companies have filed a complete and accurate annual financial report with the Insurance Department. The Market Conduct examinations are made of domestic insurance companies to determine the companies' compliance with our standard requirements concerning underwriting, rating and the prompt and fair settlement of claims.

Annual statements for both domestic and foreign insurance companies are reviewed to detect companies that have a potential financial problem. The Examination Division reports to and receives reports from the National Association of Insurance Commissioners in an Early Warning System that indicates companies with adverse trends that could lead to financial difficulties.

In addition to the examinations of all domestic insurance companies, which are examined at least once every three years, the Field Financial Examiners participate in the examination of out of state companies which are licensed to do business in Arkansas.

Insurance companies seeking admission to do business in the State of Arkansas must submit financial statements which must be approved by the Examination Division before the applicant company is permitted to do business in this State.

PUBLIC EMPLOYEE CLAIMS DIVISION

Oscar Hirby, Director

The State of Arkansas is a self-insurer for workers' compensation liability in the public employment sector.

The Public Employee Claims Division is designated as the unit of state government primarily responsible for the administration and management of the public employee workers' compensation claims in the State of Arkansas. The Division, formerly a division of the Arkansas Workers' Compensation Commission, was transferred to the State Insurance Department on July 1, 1979 pursuant to Act 809 of 1979.

The Division is charged with the responsibility of investigation, determination, payment, management and administration of each workers' compensation claim filed with the Division. Through its staff of attorneys, the Division provides legal defense for the state workers' compensation funds it has responsibility and accountability for.

Where not otherwise excluded by reason of a privately written policy(s) for their workers' compensation liability, the public employers have state workers' compensation fund protection for their employees. The state now provides workers' compensation benefits protection to the state employees and officers, public school employees, municipal employees and officers, county employees and officers, and in some cases, the emergency services volunteer workers.

State workers' compensation fund appropriations for the municipal employees, county employees, public school employees, and state agency employees from state general revenues for workers' compensation claims totaled $7,980,000.00 for the fiscal year 1979-1980. By fund, the Public Employee Claims Division, as the paying party, expended the following for public employee workers' compensation claims during the year:

Municipal employees	$1,337,896.09
County employees	1,133,124.97
Public School employees	979,247.99
State agency employees	1,837,489.45
TOTAL EXPENDITURES	$5,287,758.50

On June 30, 1980, the Division had 1,940 open and active workers' compensation claims in administrat[illegible] and management. A reserve value of $14,253,093.00 was placed on t[illegible] claims.

ADMINISTRATION DIVISION

Reva Fletcher, Deputy Commissioner

The Administration Division is responsible for overall supervision of the day-to-day office activities, for fiscal planning and control, for personnel and employment matters and for a variety of other significant aspects of the Department's operations.

The Deputy Commissioner, in addition to supervisory duties, engages in long and short-term planning, project research and coordination, drafting and implementation of legislation and regulation and performs other functions as assigned by the Commissioner.

The Administrative Assistant performs such duties as are assigned by the Commissioner and Deputy Commissioner. The specific functions and projects are varied and include interpreting personnel policies and procedures, providing information to other Divisions and assisting in resolving problems encountered within the Department.

The Information Officer prepares and distributes information to consumers regarding insurance by means of brochures, television, radio and newspapers and assists in inter-office communication initiatives.

The Fiscal Office maintains control over all financial matters within the office, prepares the Department's budget and monitors its implementation, procures services and office supplies, performs accounting and personnel functions and supervises three employees.

The Accounting Section collects, verifies and processes all taxes and fees, computes Firemen's Relief and Pension Fund Tax turnback to cities and towns and compiles statistical data for various reports. The Financial Statement shows taxes collected as $29,310,399.66 and fees collected as $801,305.97 or total collections for 1980 of $30,111,705.63 compared to total collections in 1979 of $26,211,153.40 or an increase of $3,900,552.23. The major area of increase was in a higher volume of writings in the State, which would result in payment of additional taxes.

The Securities Custodian handles the transfer, depositing and bookkeeping for all securities deposited by insurers with the Commissioner pursuant to law. The various domestic and foreign insurance companies transacting business in the State of Arkansas have on deposit with this Department securities having a total par value of $251,125,633.96 maintained in 657 separate accounts. These deposits consist of 72 domestic company accounts totaling $164,520,779.09 and 585 foreign company accounts totaling $86,604,854.87. In addition, there are 171 companies maintaining qualifying bonds with a total surety value of $12,770,000.00.

Apportionment of securities Registered policy reserves on outstanding registered life insurance issued to Arkansas residents -	$160,624,406.99
Deposits by foreign and domestic companies for benefit of Arkansas policyholders and creditors -	$ 90,501,226.97
Total Deposits	$251,125,633.96

Securities on deposit are comprised of bonds, debentures, certificates of deposit and mortgages. Bonds and debentures are verified through the National Association of Insurance Commissioners, Valuation of Securities Manual, with market value ascertained through local brokerage firms.

The Liquidation Section is responsible for handling of all claims, complaints and inquiries concerning insolvent insurers, as well as the disposition of any assets of the insurers located in Arkansas. The Liquidation Officer acts as the Commissioner's designee in the operation of insurers that are placed under Circuit Court Order for supervision, conservation, rehabilitation or liquidation.

Whenever a company is placed into receivership by the Circuit Court, the existing claimants and creditors must then pursue their claims against the Receiver of that company, through the Liquidation Section. The Liquidation Officer, as appointed Deputy, liquidates the assets of the company, processes the claims, and makes recommendations to the Court as to the appropriate payment or disposition. After Court approval, the Liquidation Officer distributes the funds, and provides an accounting of all payments as appropriate.

As an additional function, the Liquidation Officer is responsible for the operation and administration of the Arkansas Property & Casualty Guaranty Fund. This Fund, created by Act 871 of 1977, was first implemented in July of 1979, as a result of the Reserve Insurance Company insolvency. Assessments totaling $199,447.67 were received from 342 property and casualty insurers licensed to write insurance in Arkansas. In 1980, the Liquidation Section continued to process claims through the Guaranty Fund for Reserve. These claims, most of which were for unearned premium, involved 220 policyholders, and were in addition to other claims against Reserve which were not covered by the Fund. These other claims were paid from the assets of the company located in Arkansas. Total disbursements from the Guaranty Fund on behalf of Reserve, for the period ending December 31, 1980, were $132,664.90.

COMPANIES IN THE PROCESS OF CONSERVATION, REHABILITATION OR LIQUIDATION DURING 1980:

COMPANY	STATE OF DOMICILE
American Reserve Insurance Company	Rhode Island
Consolidated Mutual Insurance Company	New York
Imperial Insurance Company	California

Market Insurance Company	Illinois
Mobile Insurance Company	Texas
National Security Life Insurance Company	Arkansas
Reserve Insurance Company	Illinois

RECEIVERSHIPS CLOSED DURING 1980:

Riceland National Life Insurance Company	Arkansas
Southern Mutual Insurance Company	Arkansas

RISK MANAGEMENT DIVISION

Robert Sikes, Risk Manager

The Risk Manager provides assistance to State agencies as their consultant in identification of risk exposure and developing a program to deal with these risks. This usually takes the form of safety inspection of buildings and programs, analyses of past losses, valuation of properties and review of insurance programs in conjunction with operational budgets to determine the most effective and economical way to deal with recognized potential losses.

During the 1980 year, this Division concentrated its efforts on developing Risk Management Programs for a few major, yet diverse, State agencies as pilot projects and major studies involving the adequacy of existing Risk Management Programs throughout state, county and municipal governments, as well as school districts.

These studies analyzed current coverages, valuation of properties, deductibles, premium and loss histories relative to bond, property and liability exposures. The results of these studies indicated a wide divergence of insurance exposures between like entities in all areas with little or no justification except the lack of professionally established programs that can be attributed to lack of technical knowledge.

A partial list of State agencies we have worked with and the results of that work is as follows: (Note: Savings is computed by comparing 1979 rate for 1980 coverage vs. rate of 1980 coverage).

Year	Deductible	Property	Premium	Amount Saved
1. Department of Parks & Tourism (Buildings and Contents)				
1979	$1,000	$12,700,000	$101,938	
1980	1,000	14,103,000	69,278	$32,660
2. Arkansas State University (Buildings and Contents and Auto)				
1979	$25,000	$ 87,427,700	$146,587	
1980	25,000	107,680,300	76,077	$99,491
3. University of Central Arkansas				
1979	$ 5,000	$55,831,000	$ 88,400	
1980	1,000	67,864,000	47,046	$41,350
4. Department of Correction (Building and Contents and Equipment)				
1979	$ 1,000	$28,365,000	$266,200	
1980	25,000	32,606,000	199,235	$106,766

5. Faulkner County Government (Buildings and Contents, Auto and Bonds)

1979	$100	$ 3,178,000	$ 26,771	
1980	500	3,727,440	10,305	$18,769

The savings generated from the previously listed five (5) govermental entities were the results of changes in deductibles, increased valuations, where appropriate, removal of coverage on some high risk but low valued property, changing coverage from replacement cost to actual cash value and vice versa where appropriate, increased awareness on the part of agencies as to loss prevention and loss control and competitive bidding for coverage. All of the above were considered in light of loss histories and current budget constraints.

LEGAL DIVISION

Robert M. Lyford, Chief Counsel

The primary function of the Legal Division is to provide legal advice and assistance to the Commissioner and to other members of the Department's staff. The Legal Division represents the Commissioner in all formal legal actions, conducts administrative hearings, drafts legislation and regulations, provides legal assistance in regard to complaints from the public, oversees the regulation of insurance holding companies and legal insurance plans, and provides legal counsel concerning insurance matters to other State agencies.

During the year 1980, the Division was continually involved in administrative hearings. Specifically, twenty-one hearings were scheduled in regard to matters involving insurance companies and twenty-six hearings were scheduled in regard to matters involving insurance agents. The disposition of these matters vary according to subject matter but in all cases involving agents, the Division drafts orders recommending appropriate sanctions. Also, during 1980, the Division represented the Commissioner during public hearings on proposed rules and regulations promulgated by the Department. Of course, the Division also represents the Commissioner in any court actions.

The Division employs a full-time investigator who functions in a fact-finding capacity in matters under investigation by the Department.

COMPLIANCE DIVISION

Paula Gilmore, Assistant Commissioner

Property and Casualty Section

Regulation of the property and casualty insurance industry in Arkansas is the responsibility of this Section of the Insurance Department.

Property and casualty insurance companies are required by law to submit to this Section for filing all rates which they will charge for these lines of coverage. The rates which are filed for worker's compensation and those residual market mechanisms in effect in the State must receive our prior approval before they may be used. Policies and forms which the companies propose to use in this State must be submitted for prior approval. During the period January 1, 1980 through December 31, 1980, this Section processed 3,913 such filings.

All companies are required to file a financial statement as of December 31 each year. This statement must be audited and approved before the company's license to transact business in Arkansas is renewed. There were 602 annual statements reviewed by this Section in 1980, as well as 45 reports of examination of foreign companies licensed in this State.

As of December 31, 1980, there were 60 companies authorized to write surplus line coverage in this State with 49 licensed surplus line brokers. When policies are written in a surplus line company, the broker must file an affidavit with the Section showing the coverage written and the premium charges. This Section received 12,915 affidavits during 1980, and collected $563,090.36 in surplus line tax.

There were 37 property and casualty insurance companies who applied for admission to write business in the State of Arkansas during 1980; of this number, 2 motor clubs and 31 property and casualty companies were admitted to do business.

Life and Health Section

The Life and Health Section is charged with the responsibility of regulating all life and health companies licensed to do business in the State of Arkansas. As of December 31, 1980, 603 companies held licenses, 40 of which were newly licensed. A total of 49 requests for admission were received during 1980; 9 were withdrawn, none were declined and none were filed incomplete.

Each life and health company must submit all policy forms and rate increases for approval. A total of 12,367 forms were submitted in 1980. There were approximately 7,636 life filings and 4,731 health filings. Also, 76 credit forms were submitted for approval.

The Section received a total of 823 rate increase requests in 1980. Policy form filing fees collected from reciprocal states totaled $6,604.00. The number of rate increase inquiries received in 1980 totaled 228.

CONSUMER SERVICES DIVISION

Ronald L. Sheffield, Director

The Arkansas Insurance Department, Consumer Services Division, is charged with the responsibility of assisting the insurance buying public with questions and problems involving their insurance.

The education of the consuming public is an essential part of the Consumer Services Division. Investigators within the Department explain various types of coverage and the differences of somewhat similar products. Also, individuals within the Division advise consumers of insurance terms and phraseology and in some cases the technical aspects of insurance and finally, members of the Division act as liaisons between company and consumer in attempting to resolve difficult and confusing situations.

The Consumer Services Division provides support to all other divisions of the Insurance Department and various State agencies. The Division provides support of other State and Federal government consumer workshops.

For the year 1980, the Consumer Services Division received 2,254 complaints, closed 1,791 complaints and through the efforts of the Division were able to put back into the hands of Arkansas consumers $1,084,473.00.

The Consumer Services Divison is comprised of eight persons including: Consumer Services Director, a Complaints Investigator Supervisor, three Complaints Investigators and three Secretaries.

Director, Consumer Services	Ronald L. Sheffield
Complaints Investigator Supervisor	W. P. Whitsell
Complaints Investigator	Sanford Ledbetter
Complaints Investigator	Claudia Meeks
Complaints Investigator	Dianne Rail
Secretary	Martha Burgener
Secretary	Ernestine Godbey
Secretary	Edith Roberts

AGENTS LICENSE DIVISION

Lenita Blasingame, Supervisor

It is the responsibility of the Agents License Division to test and license all insurance agents doing business in the State of Arkansas. Presently licensed in Arkansas are approximately 22,000 licensed insurance agents, brokers and adjusters. Through reciprocal licensing agreements with other states, in excess of 7,000 of these individuals are residents of a state other than Arkansas.

During 1980, the Insurance Department administered 5,699 examinations to Arkansas residents seeking to enter the insurance field.

Insurance companies having licensed agents in Arkansas are required annually to renew such licenses. These renewal fees, initial license fees, and examination fees resulted in the collection of $499,898.00 by this Division in 1980.

The examination and licensing process also applies to individuals and corporations licensed as limited surety agents and professional bail bondsmen. There are 133 such bondsmen licensed by the Department and registered in the various counties.

EXAMINATION DIVISION

Q. D. Lamb, Chief Examiner

The basic purpose of the Examination Division is to detect as early as possible those insurers in financial difficulty and/or engaging in unlawful and improper activities and to develop the information needed for appropriate regulatory action. Both financial and market conduct examinations are used to accomplish this objective.

The Examination Division is staffed with four Senior Field Financial Examiners, a Market Conduct Examiner, a Statement Review Accountant, Secretary and a Chief Examiner. The Department's four financial examiners verify and evaluate the assets and liabilities of insurance companies to determine the completeness and accuracy of financial reports filed with the Insurance Department since the last examination. From this information, the financial stability of the company being examined is determined. Market conduct examinations are made of domestic insurance companies to determine the companies' compliance with our standard requirements concerning underwriting, rating and the prompt and fair settlement of claims.

Annual statements for both domestic and foreign insurance companies are reviewed to detect potential financial problems. The Examination Division reports to and receives reports from the National Association of Insurance Commissioners in an Early Warning System that indicates companies with adverse trends that could lead to financial difficulties.

In addition to the examination of all domestic insurance companies, at least once every three years, the Field Financial Examiners participate in the examination of out-of-state companies which are licensed to do business in Arkansas.

Insurance companies seeking admission to do business in the State of Arkansas submit financial statements which must be approved by the Examination Division before the applicant company is permitted to do business in this State.

PUBLIC EMPLOYEE CLAIMS DIVISION

Oscar Hirby, Director

The State of Arkansas is a self-insurer for workers' compensation liability in the public employment sector.

The Public Employee Claims Division is designated as the unit of State government primarily responsible for the administration and management of the public employee workers' compensation claims in the State of Arkansas. The Division, formerly a division of the Arkansas Workers' Compensation Commission, was transferred to the State Insurance Department on July 1, 1979 pursuant to Act 809 of 1979.

The Division is charged with the responsibility of investigation, determination, payment, management and administration of each workers' compensation claim filed with the Division. Through its staff of attorneys, the Division provides legal defense for the State workers' compensation funds it has responsibility and accountability for.

Where not otherwise excluded by reason of a privately written policy(s) for their workers' compensation liability, the public employers have State workers' compensation fund protection for their employees. The State now provides workers' compensation benefits protection to the State employees and officers, public school employees, municipal employees and officers, county employees and officers, and in some cases, the emergency services volunteer workers.

State workers' compensation fund appropriations for the municipal employees, county employees, public school employees, and State agency employees from State general revenues for workers' compensation claims totaled $10,465,000.00 for the fiscal year 1980-1981. By fund, the Public Employee Claims Division, as the paying party, expended the following for public employee workers' compensation claims during the year:

Municipal employees	$1,233,925.01
County employees	1,219,530.15
Public School employees	1,593,874.67
State agency employees	2,389,635.74
Total Expenditures	$6,436,965.57

On June 30, 1980, the Division had 1,816 open and active workers' compensation claims in administration and management. A reserve value of $16,239,219.00 was placed on those claims.
